Consented Motion to Amend Description of Goods

The opposer agrees to withdraw Opposition No. 91201531 to Acumed's application for its ACU-SINCH mark provided that the USPTO accepts Acumed's proposed narrowing amendment of the description of goods in US Application Serial No. 85/259,807 from

"surgical and medical apparatus and instruments for use in orthopedic surgery; Surgical implants comprising artificial materials" to

**"surgical instruments and implants comprising artificial materials for use in orthopedic surgery."**

This proposed amendment is submitted with opposer's consent.

Acumed filed a consented motion to suspend the opposition, which was granted. The applicant requests that USPTO evaluate and accept the proposed amendment to the description of goods to resolve this opposition.
